

Horse Logbook Upgrade - Endurance

(Yellow book)

Please complete this form if you wish to:

1. Upgrade from a Novice (Blue book) to Endurance status logbook (Yellow).
2. Require a new Yellow logbook.
3. Register an Endurance Horse either Annual or Lifetime.

To progress from novice horse status to endurance horse status, the horse must have successfully completed 3x 80km rides. The AERA database will then automatically upgrade the rider status to Endurance.

To apply for your logbook to be upgraded to Endurance status your horse must be microchipped. If a microchip implant is required, the owner/applicant will organise with an accredited veterinarian, or pre-arrange with a ride vet. The Vet will also need to complete the Horse ID Form. (All documents can be found on website waera.au under documents.)

Once microchipped, you will need to submit:

1. Endurance Logbook Application - together with the Novice Horse Logbook/s or day cards containing at least 2x 40km rides and 3x 80km of successfully completed affiliated endurance rides.
2. Horse ID Form - to be completed by a registered Veterinarian.

APPLICANT DETAILS
