

Transfer of Horse Ownership

It is the responsibility of the purchaser of the horse to notify the State Endurance Organization of the change in ownership details. It is important that the correct person be registered as the owner of the horse as this assists with the correct allocation of National and State distance and point score awards as well as identifying the persons responsible for the horse when disciplinary actions need to be instituted.

Process for Changing Ownership Details

When the sale of a horse occurs and the horse has had a logbook issued it is the responsibility of the new owner to notify the State of the change of ownership. A transfer of ownership form must be completed and forwarded to the logbook registrar, together with a payment of \$30 and the logbook. Once the transfer of ownership form is received the logbook can be amended with the change of owners and the transfer verified by the logbook registrar.
